Guitar Hero is one of the most popular games in gaming history, and its growing every day. The most common complaint with all of the current guitars on the market is that they are very hard for younger children to play. Smaller children have smaller hands and the button layout on the current guitars is difficult for them to play.

Our guitar solves this problem by adding a secondary set of buttons that are smaller so kids can play the game much more easily.

ALSO COMPATIBLE WITH ROCK BAND™

- 2 Full Sets of Action buttons for Adults and younger children
- Flying V-Guitar design
- Custom carbon fiber water paint
- 2.4GHz wireless gameplay
- Built-in rechargeable battery and charging cord (plugs into PS2)
- Glowing “pick” button
- Custom designed guitar strap included
